

Workshop for auditors on “Audit of LPG Bottling Plant”

OISD is auditing locations once in seven years, where-as the internal audit of LPG Bottling Plants is carried out on yearly basis. Many observations / recommendations being made during OISD audits should have been ideally reflected in the internal audit of the location. Hence need was felt to train the internal auditors of OMC.

To achieve this, one-day workshop for Auditors on “Audit of LPG Bottling Plant” was organised by Marketing Operations (LPG) group of OISD at BPCL LPG Bottling Plant, Rajkot on 6th of Feb’2018.

The workshop was attended by 25 participants from various locations of M/s. Bharat Petroleum Corporation Ltd.

The workshop was held for providing training to Auditors on methodology to be adopted for efficient audit of LPG Bottling Plant, common observations

during audit, discussion on audit points and presentation on document checking. The training involved visit to Plant for practical demonstration.

Faculty for the workshop was Sh. Ranjan Mehrotra, Director (MO), OISD, Sh. Pradeep Tanwar, Addl. Director (MO), OISD and Sh. Mahesh Goyal, Jt. Director (MO), OISD.

The workshop was well received by the participants and got favorable feedback. Participants requested that such workshop should be organised regularly.
