Sub : RTI query – Regn.No.OISDE/R/2017/50004 dated 10.04.2017

Dear Sir,

This has reference to your RTI query having subject registration no. forwarded to us on line by the Administrative Ministry (MOP&NG) on dated 17.04.2017.

As per the information available with us, the desired information (Sl.No.1 to 5), may please be sought from the office of Petroleum & Explosive Safety Organisation(PESO) Nagpur, who are the Licensing Authority for the Retail Sales of Petroleum Products (A Body under the administrative control of Department of Industrial Policy & Promotion, Government of India, New Delhi).

Hence you are requested to please seek the information from PESO, office Nagpur.

This piece of information was also conveyed to you by the undersigned over phone immediately on receipt of the RTI query. By a copy of this letter we are also requesting CPIO, PESO, Nagpur for making a suitable reply to you.

We sincerely regret the delay in reply.

Thanking you,

Yours faithfully,

(S.R.SAHU) 25/5/17
CPIO, OISD

Dear Concern,

With respect to our previous query in RTI - MOPNG/R/2016/51307, MOPNG/R/2016/80271 and MOPNG/R/2016/80272 & in PMO cell – PMOPG/D/2016/0350049, we have asked about the feasibility to deliver the fuel (Petrol/Diesel) to customer's parked vehicle through online mode.

However, as per the replies of RTI we have received, we came to know that there is no policy to deliver the fuel to customer parked vehicle by online booking. The idea has been appreciated by the government but due to lack of policies, they are not yet able to rectify the queries

As far as the petroleum act is concerned, there is no rule to deliver the fuel of quantity less than 500ltr or about the containers to deliver fuel.

We are planning to deliver the fuel (Petrol/Diesel) through online mode at customer's parked vehicle with an official tie-up with petrol pump dealers following all the legal norms.

The quantities we are considering to deliver is less than 500ltr in a container of 2L, 5L & 10L which is already UN approved, Approval no. (3A1/Y/100/14/0/BAM6210-VD) which is used in military fuel transportation.

We would like to know, what approvals we need to take as a safety norm before delivering the fuels which can be considered as legal from transport department side.

Q1. Is there any approved container by government to deliver fuel (Petrol/Diesel) of qty from 2Ltr to 20Ltr. If yes, Plz provide details.

Q2. Any license/approval required for delivering up-to 600Ltr of fuel (Petrol / Diesel)? If yes, Plz provide details. (We do not store any fuel, we provide directly through petrol pump . hence no storage issue with us)

Q3. Which department approvals required to deliver (Petrol/Diesel) at customer parked Vehicle? (If no policy , who will provide information for this ?)

Q4. Any safety parameters declared by transport department for a vehicle delivering fuel less than 600Ltr delivery?

Q5. What are the safety norms of a vehicle which is delivering fuels (Petrol/Diesel) of below quantities :

- (i) 0 - 600Ltr
- (ii) 601Ltr- 999Ltr
- (iii) 1000Ltr – 1999 Ltr
- (iv) (In case of no policy , whose approval is required in all above three cases)

We have covered to solve lot of problems like traffic, fuel wastage in vehicle waiting at petrol pumps, fuel theft at petrol pumps, purity issues.

We will be very grateful to you for the reply of above queries.

Thanking you,

Sandeep Kumar
