Sub: Information sought under RTI Act, 2005

Sir,

This has reference to your RTI application registered online vide No. OISDE/R/2017/50007 dated 07.09.2017 received online through GOI RTI portal on 30.10.2018.

As desired, we furnish below the reply to the information sought.

Q:

What is the distance are to be maintained to built up A LIQUIFIED PETROLEUM GAS (LPG) Bottling plant from a residential area.

Reply:

While assessing the suitability of any site for location of LPG installation, the following aspects shall be considered:

The location of residential quarters, other industries, railways, roads, waterways, overhead power lines, places of public assemblies etc. This shall be covered in risk analysis study of the proposed site. The study shall also be used to plan for emergency measures. Such provisions may be considered based on local environment / security requirements.

Construction activity shall commence after seeking necessary approvals from statutory bodies e.g. PESO (Petroleum and Explosive Safety Organisation)/ Factory Department/ Pollution Control Board etc.

Thanking You,

Yours Sincerely,

(Saurabh Kumar Arya)
